<b>The Boy from Baby House 10</b> 	In 1990, a young boy afflicted with cerebral palsy was born, prematurely, in Russia. His name was Vanya. His mother abandoned him to the state childcare system and he was sent to a bleak orphanage called Baby House 10. Once there, he entered a nightmare world he was not to leave for more than eight years. Housed in a ward with a group of other children, he was clothed in rags, ignored by most of the staff and given little, if any, medical treatment. He was finally, and cruelly, confined for a time to a mental asylum where he lived, almost caged, lying in a pool of his own waste on a locked ward surrounded by psychotic adults. But, that didn't stop Vanya.		<b>\$16.49</b>
